To whom this may concern:

My name is William Roberts, and I am the Dean of Students and Heritage Elementary School in Glendale Arizona. I am writing this letter on behalf of Shamar Moore who I've known for over six years. I've had the pleasure of coaching and mentoring this young man in his early years, and it was always a joy! Shamar has been raised by an amazing set of parents who have instilled in him morals and values that will set him up for success long after his athletic career is over. Shamar is dependable, reliable, punctual, and is always where he needs to be while doing the things that he's supposed to be doing. Shamar is coachable and wants to be around positive influences that can help him get closer to accomplishing his goals. In tough moments, Shamar has always leaned on the positive influences in his circle to help him push through and overcome obstacles.

If it's not evident, I'm a fan of the human being that he is and am rooting for Shamar as he chases after his dreams. Please feel free to contact me if you have any questions.
